

The Elms Academy Sixth Form

Exciting News

2023 Results

Performance data for all 16-19 providers in England has now been published (The 'league table' for year 13 results). We are so proud that our students' A Level point score is the [highest of any state funded academy in Lambeth](#) and in the [highest 5 of academies](#) across Lambeth, Southwark and Wandsworth combined. It is also [higher than 34 other 16 – 19 providers](#) across these boroughs and neighbouring borough Hammersmith and Fulham (see our combined adaptation of the borough's performance tables below).

This really matters because it means more of our students are achieving the grades needed to access competitive places at top [Russell Group universities and other destinations](#). Furthermore, our [relatively smaller class sizes](#) means that student get more personalised academic and pastoral support, helping them to make more progress in their learning, much quicker.

The Elms Academy has a higher A Level average point score than the following state funded providers in Lambeth, Southwark, Wandsworth and Hammersmith and Fulham.

16 - 19 Provider	Borough	A Level Average Point score	A Level Average Grade
The Elms Academy	Lambeth	38.02	B-
