

## The Elms Academy Sixth Form

### Exciting News

## 2023 BTEC Results

Performance data for all 16-19 providers in England has now been published (The 'league table' for year 13 results). We are so proud that our students' Applied General (BTEC+) point score is the [highest of any state funded provider in Lambeth](#) and in the [highest 3](#) across Lambeth, Southwark and Wandsworth combined. It is also [higher than 40 other 16 – 19 providers](#) across these boroughs and neighbouring borough Hammersmith and Fulham (see our combined adaptation of the borough's BTEC performance tables below).

This really matters because it means more of our students are achieving the grades needed to access competitive places at top [Russell Group universities and employers](#). Furthermore, our [relatively smaller class sizes](#) means that student get more personalised academic and pastoral support, helping them to make more progress in their learning, much quicker.

**The Elms Academy has a higher Applied General (BTEC+) average point score than the following state funded providers in Lambeth, Southwark, Wandsworth and Hammersmith and Fulham.**

16 - 19 Provider	Borough	AG Average Point score	AG Average Grade
<b>The Elms Academy</b>	<b>Lambeth</b>	<b>37.67</b>	<b>Dist+</b>
